

2008 Contract Renewal information on its way soon

New HUBB plan information coming to a mailbox near you!

Look for your 2008 HUBB plan renewal information in the mail in late March. Every year about this time HUBB negotiates new insurance contracts with both Kaiser and ODS. Please take the time to get that big purple envelope out of your mailbox, and review the new information.

HUBB has negotiated with insurance carriers to get Homecare workers and their families the best medical, dental and vision insurance possible. The renewal packet includes any benefit changes to the current ODS and Kaiser Permanente plans, changes to the monthly premium that the State contributes for you, the homecare worker, and changes to the homecare worker's premiums for family coverage. Homecare workers with families enrolled in the program and COBRA participants will get new premium payment information in the mail. All changes will go into effect April 1, 2008

Keep an eye out for your HUBB packet. As always let the HUBB staff help you with any questions you may have. We are here to help.

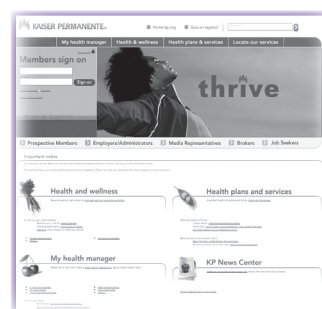

www.kp.org

Over 200 HUBB members signed up to use kp.org in the month of November taking part in our drawing! We are happy so many of you are taking advantage of the convenient online services Kaiser has to offer. For those of you who did not get a chance to sign up, you can still sign up at kp.org.

Starting February of this year Kaiser members no longer need to wait for a password to come in the mail to access kp.org. Any Kaiser member can now go online and start utilizing these online services right then and there. No more waiting!

As a Kaiser Permanente member you have many convenient online services available. You can check lab results, communicate with your doctor's office, order prescription refills for home delivery, and request appointments at your convenience. You can do all of that and more for yourself and your family members when you register at www.kp.org. The "email your doctor" function is perfect for those non-urgent health questions that come up in every day life. You may be able to save time and the out of pocket copayments for office visits.

It's easy to start

1. Go to www.kp.org/register
2. Click on the link that says "click here if you are ready to register"
3. Follow the 5 step registration process Kaiser walks you through.
4. Start accessing your online services, it is that easy.
